OBJECTIVE

Software Engineer and **Full-Stack Developer** with a Master's degree in Software Engineering and hands-on experience building web applications. Experienced with modern frontend and backend technologies, REST APIs, and database management, with a focus on developing reliable, maintainable software solutions.

TECHNICAL SKILLS

- **Programming:** TypeScript, JavaScript, , Java, Python, C
- **Front-end:** React, Next.js, Redux, Tailwind CSS, Bootstrap
- **Back-end:** Node.js, Express.js, NestJS, REST APIs, GraphQL, WebSocket
- **Databases & ORM:** PostgreSQL, MySQL, Oracle, MongoDB, Redis, Prisma
- **DevOps & Tools:** Docker, Docker Compose, Git, GitHub Actions, Linux, Postman
- **Security:** Authentication, JWT, OAuth, Web Security
- **Software Design:** Object-Oriented Programming, UML, MERISE, Database Modeling
- **Project Management:** Agile, Scrum, Trello, Notion

SOFT SKILLS

- Problem solving
- Fast and autonomous learning
- Clean code structure and readability
- Teamwork & remote collaboration

LANGUAGES

- English: Professional proficiency
- French: Fluent (TCF C2)
- Kabyle: Native
- Arabic: Fluent

EDUCATION

2024 - 2026
MASTER'S DEGREE IN CS
- University of Bejaia
- Track: Software Engineering

2021 - 2024
BACHELOR'S DEGREE IN CS
- University of Bejaia
- Track: Information Systems

2019 - 2021
PREPARATORY CLASSES
- National Higher School of CS (ESI - Algiers)

2019
BACCALAUREATE
- Graduated with High Honors
- Track: Mathematics

EXPERIENCE

Software Engineer Intern
SARL Futurelec – Akbou, Bejaia (Hybrid)
February 22 – May 21, 2026 · Full-time (3 months)
- End-of-studies internship (PFE) focused on designing and developing a modular inventory management platform to streamline stock operations and support data-driven decision-making.

Frontend Developer
SARL Futurelec – Akbou, Bejaia (Remote)
August - November, 2025 · Part-time
- Worked on application development and feature implementation as part of an internal software solution.

Software Engineer Intern – Backend
Eastern Al Maha – Kuwait City (Remote)
June 15 – August 15, 2025 · Full-time (2 months)
- Contributed to the development and optimization of a microservices backend architecture supporting multiple products, working closely with frontend and machine learning teams.

Information Systems Engineering Intern
CEVITAL – Bejaia (On-site)
June 30 – August 1, 2024 · Full-time (1 month)
- Participated in improving existing systems through design and development contributions.
